Treatment Reminder Program  
Going Beyond A Simple Appointment Reminder

## What is a Treatment Reminder Program?

Guru Connect reaches into your entire file of unaccepted treatment plans and automatically sends each patient a custom Guru presentation, reminding them of what needs to be done, and consequences of delay. The average office accumulates one million in unaccepted treatment plans every three years! Don't let these patients fall through the cracks.

Visit [www.GuruDental.com](http://www.GuruDental.com) or call **888-331-4878** to see how we are changing the game.
